Inventor : FASCENDA
Patent Issued : May 6, 2003
Title : SYSTEM, METHOD AND APPARATUS FOR AUTOMATICALLY AND
DYNAMICALLY UPDATING OPTIONS, FEATURES, AND/OR SERVICES
AVAILABLE TO A CLIENT DEVICE.

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule(s) 1.322.

Inspection of the application for the patent reveals that in connection with the alleged error pertaining to the deletion of lines 20-51 of column 1; the correction with respect to applicants request is not warranted. The examiner was able to determine the correct application numbers within 5 minutes using palm. Each of the first five occurrences starting with 09/253,169, the examiner transposed the "5" and the "2", thus, 09/253,169 should be 09/523169. The insertion of 09/534,032 is correct and should not be simply deleted. Accordingly, the patent holder should request a new Certificate of Correction changing each "25" with "52" for the first five occurrences.

In view of the foregoing applicants request in this matter is hereby denied. Any telephone inquiry concerning this communication should be directed to Ms. A. Green at (703) 756-1541.
